To Whom It May Concern:

Re: **The Compassion Society.**

Please accept this letter as confirmation of this Agency's support and indeed its need, for the Compassion Society to be recognized as a vital and legitimate asset to this community.

In the last three years we at the Halton CAS have come to rely heavily on the generosity and hard work of the Compassion Society. A great number of the families we work with on a daily basis are struggling to feed and clothe their children on a limited budget. Having the Compassion Society in our community as a resource for these families is extremely helpful to the work that we do. Families in need are referred by their social worker to the Compassion Society and within days their immediate needs such as clothing, cribs, change tables & other small household items are provided. Free of charge and free of judgement.

We support this partnership by referring prospective donors of new and gently used items along with any potential volunteers, to assist in the great work of Mina Wahidi and the Compassion Society. Our staff has nothing but praise for the work of this very caring and extremely resourceful organization.

Please feel free to contact me if you require further information about our connection or for testimonials that speak to the true value of the organization.

Sincerely,

Tina Blatchford
